- ▶ These Webinars will be recorded and the links posted on the website as well as in the announcements so you can watch them at any time.

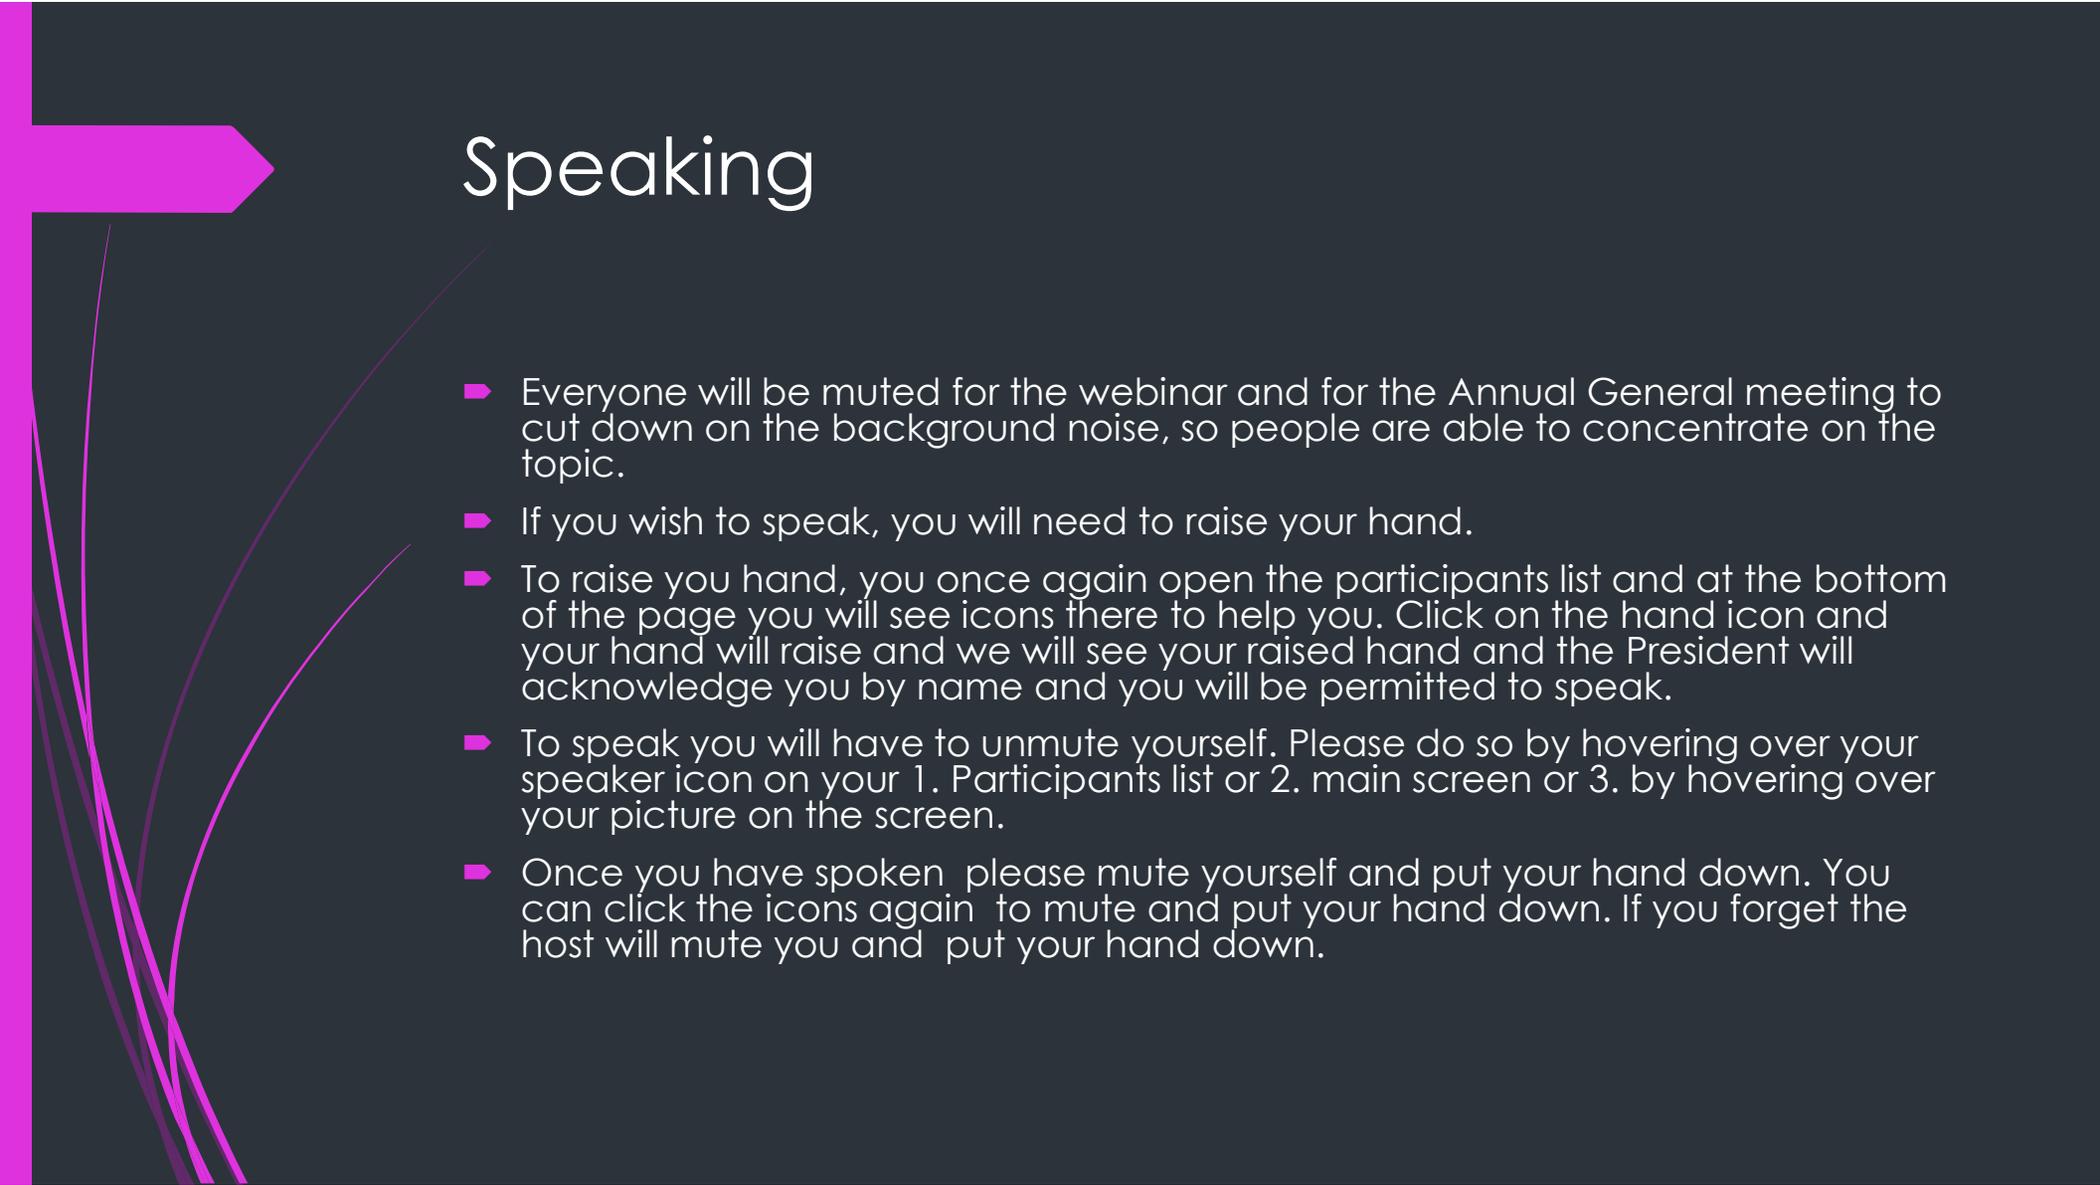

Identifying Name

- ▶ The Hosting staff will ask your name by identifying your number and once you tell us your name they will put your name on the participant list.

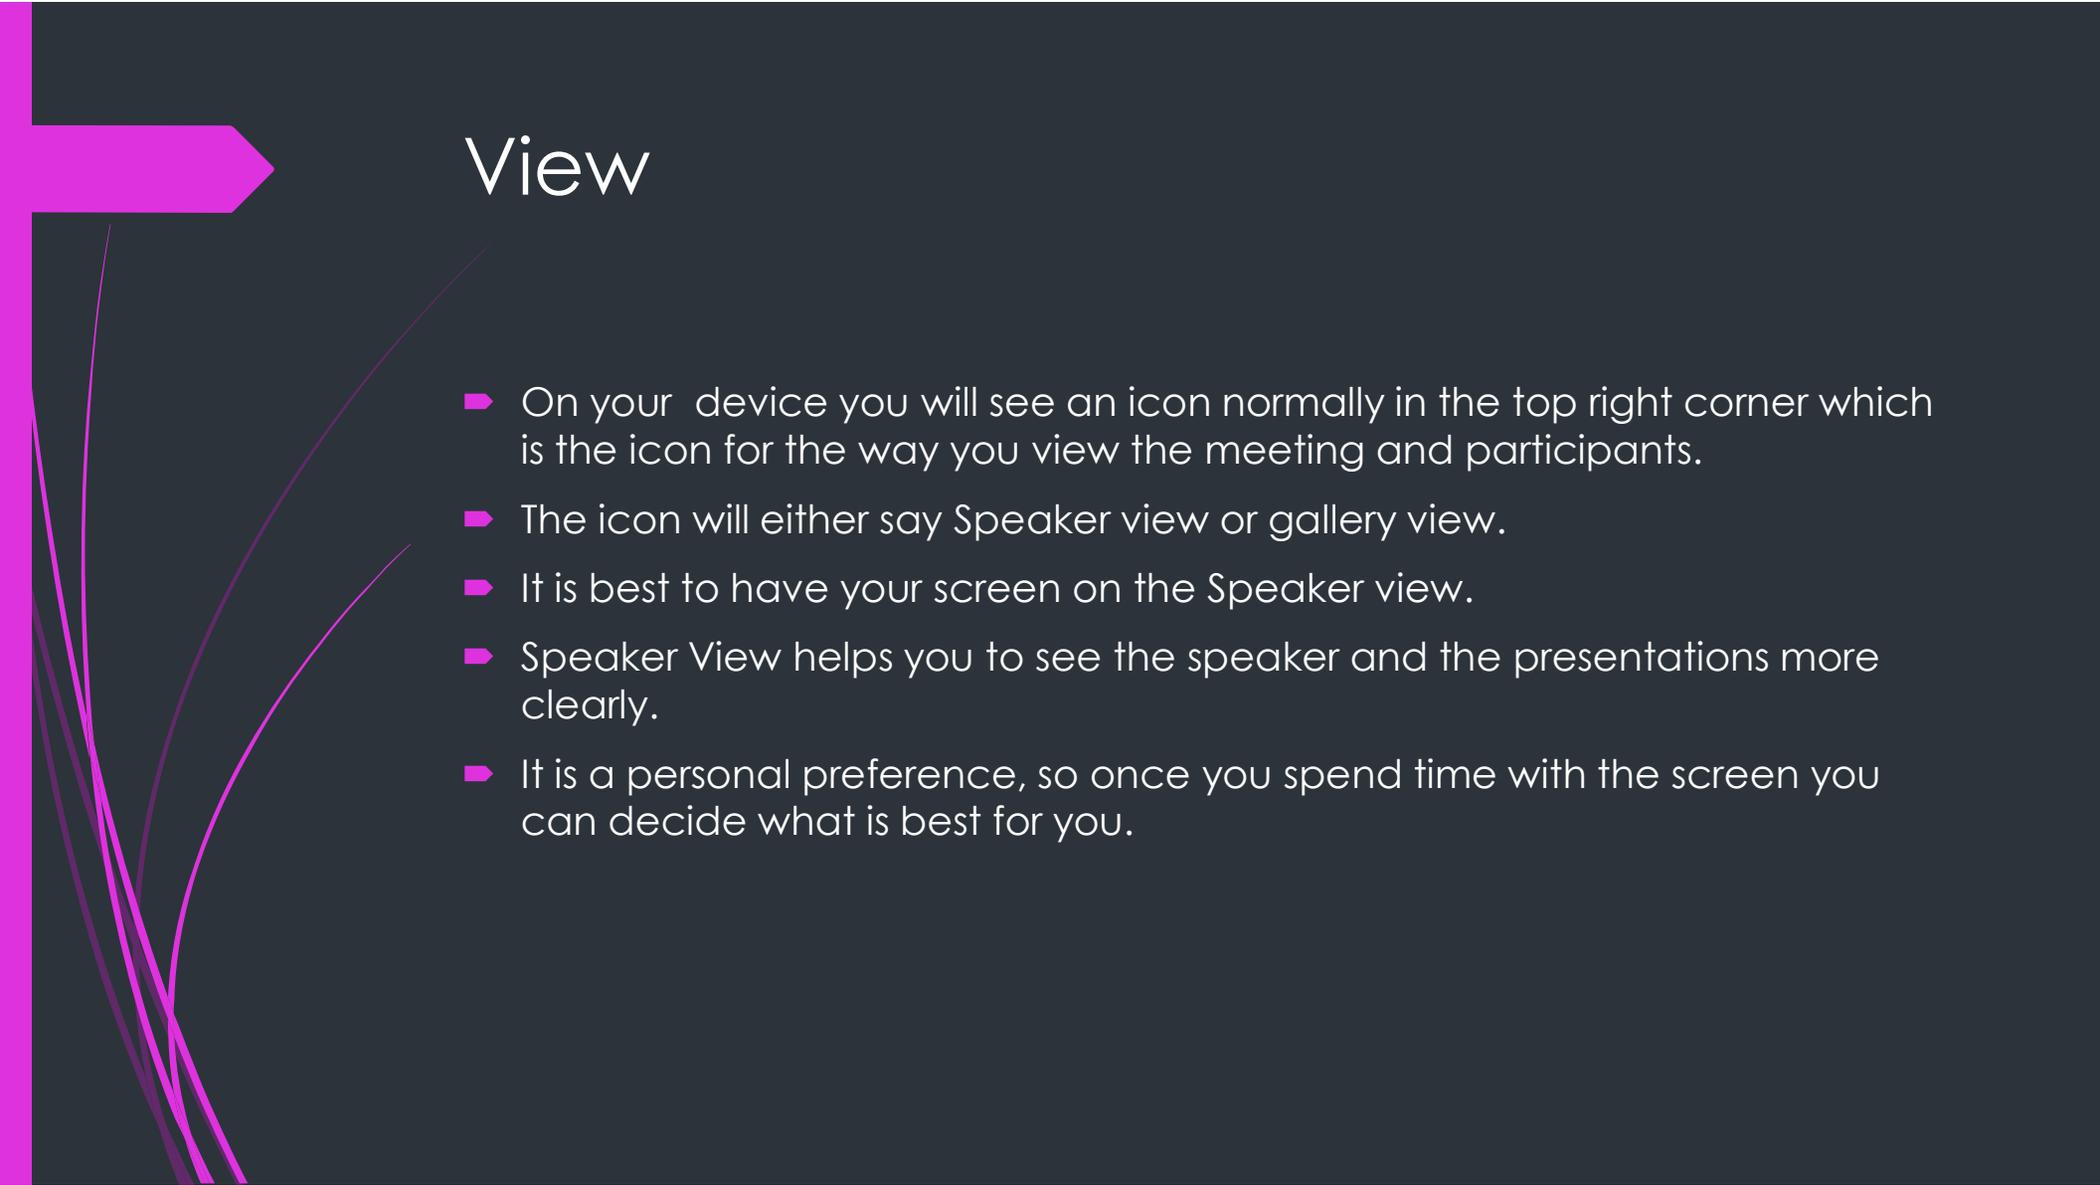

Speaking

- ▶ Everyone will be muted for the webinar and for the Annual General meeting to cut down on the background noise, so people are able to concentrate on the topic.
- ▶ If you wish to speak, you will need to raise your hand.
- ▶ To raise your hand, you once again open the participants list and at the bottom of the page you will see icons there to help you. Click on the hand icon and your hand will raise and we will see your raised hand and the President will acknowledge you by name and you will be permitted to speak.
- ▶ To speak you will have to unmute yourself. Please do so by hovering over your speaker icon on your 1. Participants list or 2. main screen or 3. by hovering over your picture on the screen.
- ▶ Once you have spoken please mute yourself and put your hand down. You can click the icons again to mute and put your hand down. If you forget the host will mute you and put your hand down.

View

- ▶ On your device you will see an icon normally in the top right corner which is the icon for the way you view the meeting and participants.
- ▶ The icon will either say Speaker view or gallery view.
- ▶ It is best to have your screen on the Speaker view.
- ▶ Speaker View helps you to see the speaker and the presentations more clearly.
- ▶ It is a personal preference, so once you spend time with the screen you can decide what is best for you.

Chat Box

- ▶ The chat box can be found at the bottom of your screen.
- ▶ If you click on the chat box you can have conversation with each other or you can have a private chat with one other person.
- ▶ To have a chat you can write your message in the box and then send it.
- ▶ If you wish it to be private to one other person, you can click the little down arrow and choose the person you wish to chat with by clicking on their name and then writing your message and sending.

Chat Box

- ▶ If we have the chat box open, we ask that you respect this communication tool.
- ▶ We ask that you use the chat box once the meeting starts for the purpose of questions or a comment about the topic only.
- ▶ We will have staff monitoring the chat box to make sure your questions do not get lost.
- ▶ We would prefer that you ask your question by raising your hand, but understand that for some it is easier to type a question.
- ▶ The president will acknowledge those questions during question times. If we miss your question please be patient and resend it.

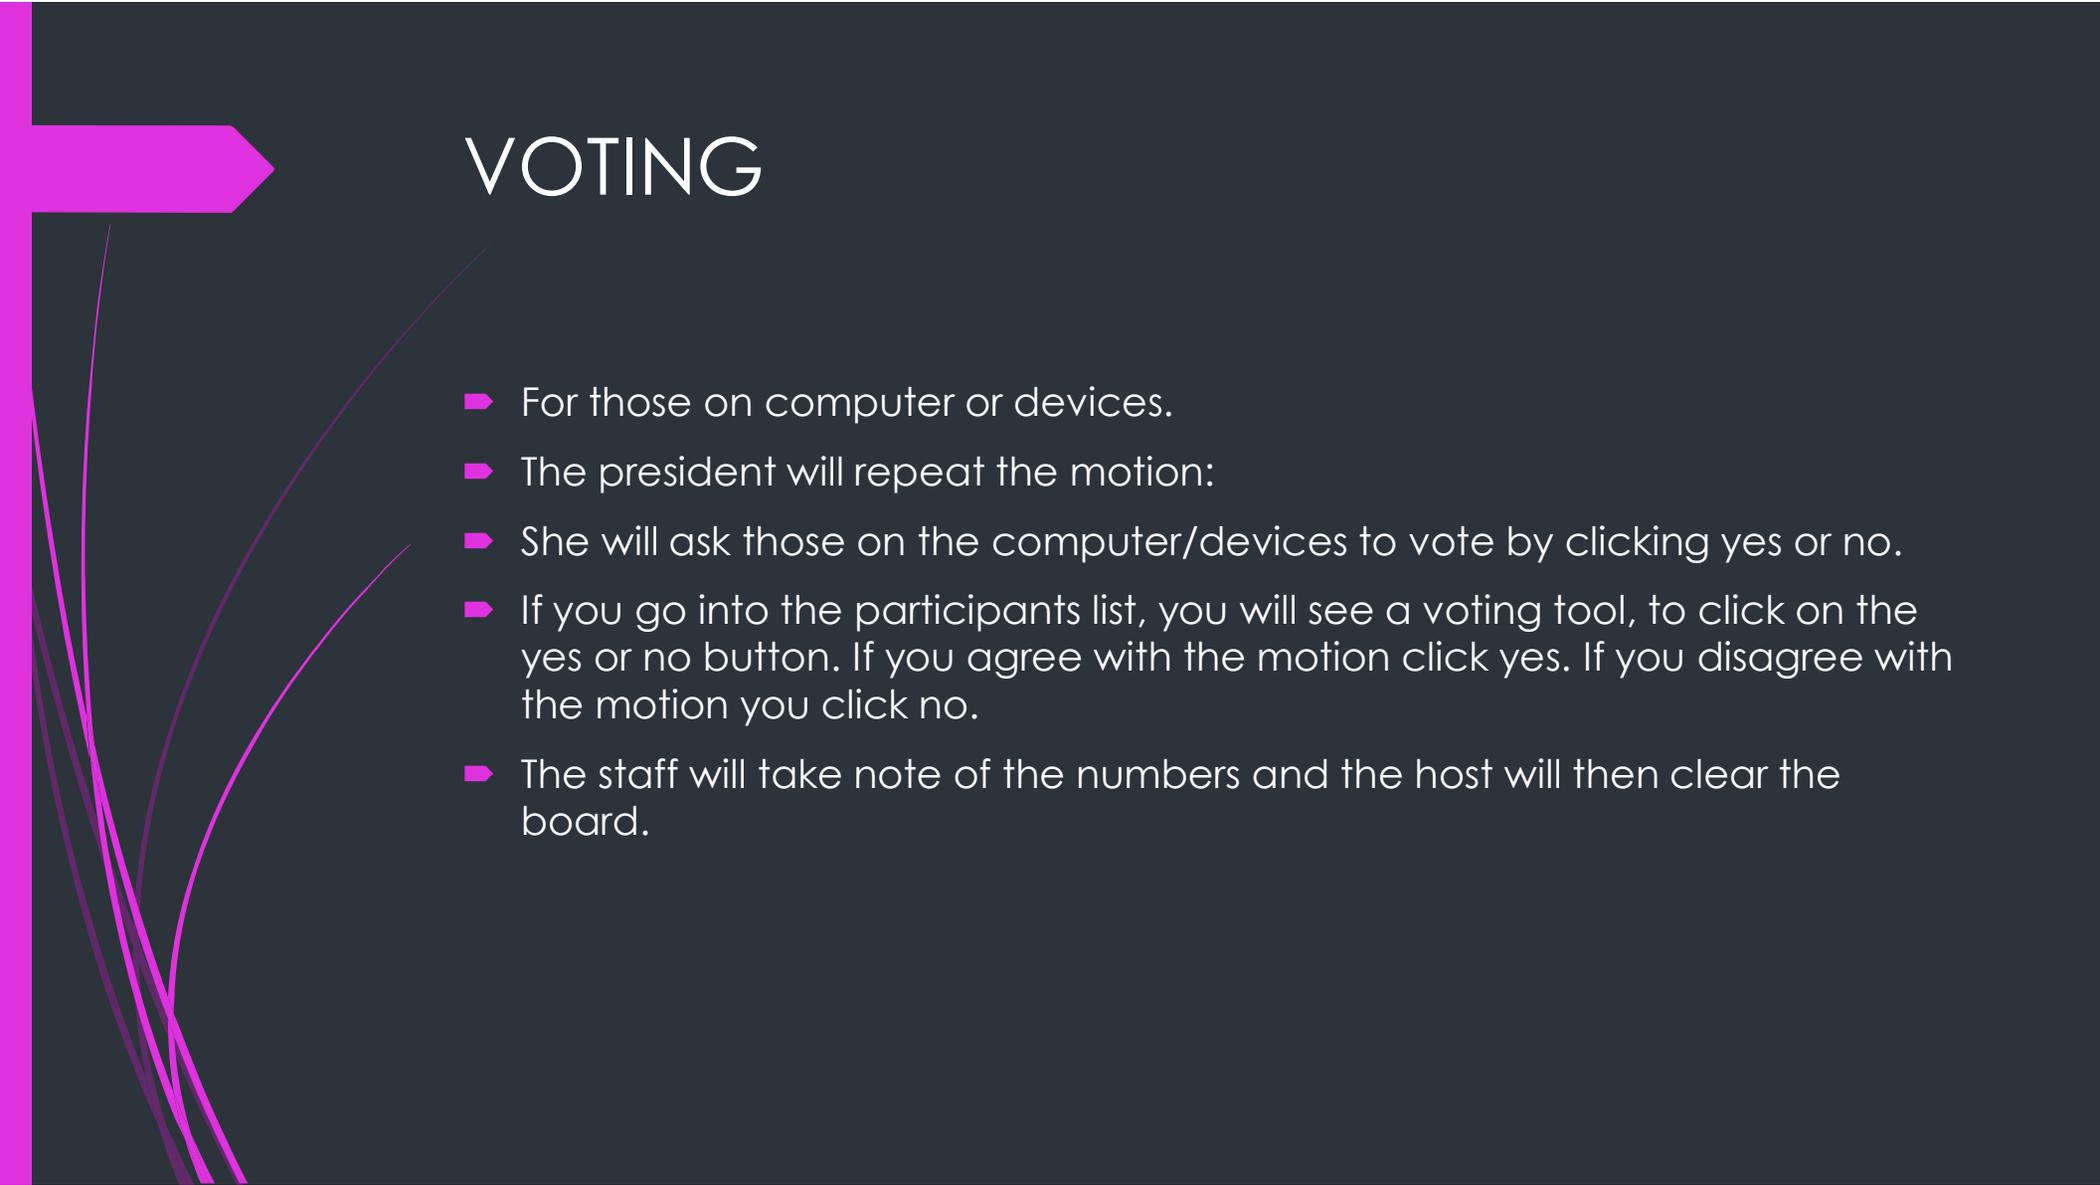

Chat Box

- ▶ Please be respectful of other people when using the chat box.
- ▶ This is not the place to have conversation as if you are in a table group and chatting with your neighbour.
- ▶ Please note that the hosts for the meeting can see all of the chats even the private chats, so please do not write something you do not want someone else to see.

VOTING

- ▶ The one time that we are required to have the numbers recorded for and against is when we are voting on the remit. So those numbers will be recorded.
