

Videos in Support of Lent-Pentecost Period

Below is a table of links to videos that have been produced by United Churches for Dartmouth that you may find helpful for this period. They are all found on the United Churches for Dartmouth YouTube. Some are public and some are unlisted as they have not yet been shown on United churches for Dartmouth Facebook posting. The Palm Sunday to Pentecost videos were produced last year using last year's lectionary.

You may find the LEGO Story Only useful for your Church Service (could be used as a Bible reading or children's story) or to support Sunday School. Some of these will open with a shot of the Bible announcing the reading.
